Commissioner for Patents

The following is an examiner's statement of reasons for allowance for claim 6 of the Instant Application:

The affidavit filed on 18 January 2005 under 37 CFR 1.131 is sufficient to overcome the Heston reference (U.S. Publication 2002/0019741 A1). The prior art, namely Inala (U.S. Patent 6,442,590 B1), Plotkin (U.S. Publication 2001/0051962 A1) and Iwai (U.S. Patent 5,119,491), taken alone or in combination fail to teach or suggest the limitations of the claimed invention. Plotkin teaches maintaining a database of form documents, and writing information to an output file in RTF format. Iwai teaches processing a file line by line, and Inala teaches opening a secondary browser window. Plotkin, Inala and Iwai fail to teach a method of document assembly including requiring a user to complete an online questionnaire with personalized information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
